

Připravili jsme pro Vás zvýhodněnou cenovou nabídku na titul, který vyšel v září 2018:

Encyclopedia of Ecology

autor Brian D. Fath
v pevné vazbě, 2780 stran
vyd. Elsevier, 2.vydání, IX/2018
ISBN 9780444637680

běžná cena 52.000 Kč vč. DPH
v této nabídce **39.100 Kč** vč. DPH
(tato cena platí při objednání titulu do 31.5.2019)

Encyclopedia of Ecology, Second Edition continues the acclaimed work of the previous edition published in 2008. It covers all scales of biological organization, from organisms, to populations, to communities and ecosystems. Laboratory, field, simulation modelling, and theoretical approaches are presented to show how living systems sustain structure and function in space and time.

New areas of focus include micro- and macro scales, molecular and genetic ecology, and global ecology (e.g., climate change, earth transformations, ecosystem services, and the food-water-energy nexus) are included. In addition, new, international experts in ecology contribute on a variety of topics.
